Activity Reports

Department of Agriculture

Brenda Sievers reported that staff has been attending and presenting programs at County Weed Board Annual Meetings.

Ron Moehring reported that there are six vacant weed supervisor positions in the state, with more expected due to retirements. Ron also reported on working with NAISMA on the changes that are proposed to the weed free forage listing. There are proposals to add 10 weeds to the listing including cheatgrass and dame's rocket. They are proposing to delete 14 weeds, including wild oats and wild hemp. The purple loosestrife root dig will take place April 21, and April 22 is reserved for assisting the Estelline School.

Dale Anderson reported on the pest surveys that they are planning to do this year that will include Karnal Bunt, gypsy moth, Japanese beetle, khapra beetle and a nursery bundle survey. Mike

Stenson mentioned the bio control monitoring sites and the purple loosestrife surveys that are planned.

APHIS

Ron Moehring reported for Greg Buntrock who was unable to attend the meeting. Grasshoppers are at record lows and they aren't anticipating problems this upcoming season. Bruce Helbig has retired and Greg Buntrock and Amy Mesman have been splitting the duties of that position. They may be putting the South Dakota APHIS office supervision under the North Dakota office.

District Reports

Ron Thyen – District 1 – Ron reported that the majority of the wheat is planted. Calving is going good, but need moisture.

Lynn Deibert – District 3 – Lynn reported that only 25% of the wheat is planted in his area.

Craig Magedanz – At Large – Craig reported that calving is good there, but there have been fires going for miles.

Duane Buckmeier – District 4 – Duane reported that some of the crops are in. They have had two fires in the last week. They do need moisture.

Floyd Muntefering – District 2 – Floyd reported that they now have a burn ban in place in his home county.

Department of Agriculture

Brandon Beshears gave a legislative update of what happened during the last session on Department sponsored bills.

Department of Game Fish & Parks

Paul Coughlin reported on the GF&P rules that are planned to be adopted and implemented on Aquatic Nuisance Species. These rules are designed to prevent transportation of Aquatic Nuisance Species from lake to lake on watercraft. They are hoping that since it is drier this year, it will be a slower year. But since most of the GFP properties are fairly wet, that might not be the case. There are 395,000 acres that are owned by GF&P. Last year there were 17,000 acres controlled with \$1.5 million. They did spray in Sunday Gulch in the Black Hills for Mountain Pine Beetle.

Department of Transportation

Jason Humphrey said their department is actively getting spraying contracts issued. Since the gas tax has increased, it will mean additional dollars for his Department.

School & Public Lands

Ryan Brunner said they have been busy with 25 lease auctions in the last month for 81,000 acres. They did have about 2000 acres affected by a fire so they will be watching that area.

SDSU

Paul Johnson has taken on the IPM duties since Darrell Deneke retired effective April 1. Paul talked about the plan to build a seed house and a new greenhouse on campus. There are currently only 9 total filled agronomy positions in the state, with hopes of still filling the position in Aberdeen, formerly held by Mark Rosenberg.

Association of County Commissioners

Neil VonEschen talked about the additional gas tax assisting counties. County Commissioners are looking forward to the extra funding.
